SUPPLEMENTARY INFORMATION:

Title: Child Nutrition Labeling Program.

OMB Number: 0584-0320.

Expiration Date: 9/30/99.

Type of Request: Revision of currently approved, voluntary collection of information contained in existing regulation.

Abstract: The Child Nutrition (CN) Labeling Program is a voluntary technical assistance program to aid schools and institutions participating in the National School Lunch Program (NSLP), School Breakfast Program (SBP), Child and Adult Care Food Program (CACFP), and Summer Food Service Program (SFSP) in determining the contribution a commercial product makes toward the food-based meal pattern requirements of these programs. There is no Federal requirement that commercial products must have a CN label statement.

To participate in the Child Nutrition Labeling Program, industry submits product labels and formulations to the Food and Nutrition Service (FNS) that are in conformance with the Food Safety and Inspection Service (FSIS) label approval program for meat and poultry, or United States Department of Commerce (USDC) label approval program for seafood products. FNS reviews a manufacturer's product formulation to determine the contribution a serving of the product makes toward the food-based meal pattern requirements. The application form submitted to FNS is the same application that companies submit to FSIS or USDC to receive label approval. A CN label application is also reviewed by FNS for accuracy.

Estimate of Burden: Based on our most recent interviews with manufacturers it is estimated that it takes a manufacturer forty-five minutes to complete the required calculations and to formulate the CN label application.

Respondents: Participation in the CN labeling program is voluntary. Only manufacturers who wish to place CN

labels on their products must comply with program requirements. Last year 795 possible establishments sent in 4163 label transmittals.

Estimated Number of Respondents: 795

Estimated Number of Responses per Respondent: 5.2.

Estimated Total Annual Burden on Respondents: 3122.25 hours.

Dated: October 12, 1999.

Samuel Chambers, Jr.,

Administrator, Food and Nutrition Service.
